

Körber premieres anew: Software solution Werum PAS-X MES receives this year's Asia Bioprocessing Excellence Award in the "Software" category

Lüneburg, Germany / Singapore, 16 March 2023. For the fifth consecutive year, Körber has been awarded the Asia Pacific Bioprocessing Excellence Award (ABEA) in recognition of its Werum PAS-X MES, the world's leading manufacturing execution system for pharma, biotech and cell & gene therapy production.

The Asia Pacific Bioprocessing Excellence Award honors exceptional experts, organizations and technologies that offer excellence enabling significant added value in biotech manufacturing, focusing on faster processes, lower costs, and higher quality. With this award, Körber's biotech community acknowledges the innovations of Körber's Business Area Pharma and the continuous development of its software products.

The latest PAS-X MES 3.3 version will further drive the transformation of MES through cloud and SaaS operations in Asia Pacific and globally. Additional emphasis is put on intelligence and analytic products to ensure customers get the most out of their manufacturing data to drive efficiency.

"We are delighted to receive the 'Best Bioprocessing Supplier Award: Software' for our Werum PAS-X MES for pharma, biotech and cell and gene therapies for the fifth year in a row," said Teerapong Cheepchol, President Software Asia, Körber Business Area Pharma, during the award ceremony in Singapore. "Many thanks to our customers who appreciate our efforts so much. This award is a true proof of their trust in our experience and expertise in this highly regulated industry. This success is the validation that drives us every day to develop innovative software products that make the difference – for our customers and the global challenges of the pharmaceutical industry", Cheepchol continued.

The award ceremony was held in conjunction with the 10th annual Biologics Manufacturing Asia 2023 conference on 15-16 March 2023 with more than 100 pioneers from the bioprocessing industry gathered.

About Körber

Körber is an international technology group with about 12,000 employees, more than 100 locations worldwide and a common goal: We turn entrepreneurial thinking into customer success and shape the technological change. In the Business Areas Digital, Pharma, Supply Chain, Tissue and Technologies, we offer products, solutions and services that inspire.

At Business Area Pharma, we deliver the difference along the entire pharmaceutical value chain by offering a unique portfolio of integrated solutions. With our software solutions we help drug manufacturers to digitize their pharmaceutical, biotech and cell & gene therapy production. The Werum PAS-X MES Suite is recognized as the world’s leading Manufacturing Execution System for pharma, biotech and cell & gene. Our Werum PAS-X Intelligence Suite accelerates product commercialization with data analytics and AI solutions and uncovers hidden business value.
